As a proposal of NCT students who studying the training program in College of Technology Maradana, commenced the Association of National Technology Sri Lanka on 25th April 2010 at auditorium of COT Maradana.

Their main target is to protect and mapping the training program with NVQ system which already implementing in Sri Lanka. Around 600 students and passed out students participated for this 1st official function from COTs and Technical Colleges of Maradana, Godagama, Kalutara, Kandy, Warakapola, Kurunegala, Dambulla, Ratmalana, Beliatta and Gampaha.

After that executive committee members of the association discussed with former director General of DTET on 08th May 2008 about future of the NCT program.
